SUNDAY, NOV. 8  
10:00 AM – 11:00 AM

## ATTENTION: Principals & District Leaders INVEST IN YOUR TEACHERS!

Now that Science is being reported on the CA School Dashboard, it's time to invest in your teachers by providing professional learning and support for implementing the instruction. This is the only conference in the state dedicated exclusively to support teachers with CA NGSS.

- Teachers will have access to more than 150 workshops, short courses, Keynote and Focus Speaker Sessions.
- Teachers will have access to cutting edge science, NGSS implementation support, and the latest trends in Science Education to bring back to their classrooms
- Teachers can connect with 50+ companies, bringing the latest innovations in science and STEM education curricular and supplemental resources.
- Help prepare your teachers to support students as we begin full inclusion of Science on the Dashboard

Now is the time to use your Professional Development funding for your TK-12 teachers – High Quality Professional Development is right at their fingertips.
